

RIFAT ISLAM RUPOK

Development & Fundraising Professional · Grants Management · Data Analytics

Winnipeg, MB · +1-431-844-1794 · contact@rupokri.ca · linkedin.com/in/rifat-rupok · rupokri.ca

PROFESSIONAL SUMMARY

Relationship-centred fundraising professional with 6+ years of combined experience in development, grant management, and non-profit administration. Currently serving as Development Coordinator at Siloam Mission, managing \$17M+ across 23+ active funding agreements and cultivating donors across emergency shelter, supportive housing, and Housing First programs serving Indigenous and marginalized communities. Achieved a 78%+ grant application success rate with zero missed deadlines. Proven ability to work independently, exercise high-level professional judgement, and lead cross-functional fundraising initiatives. Holds an MSS in Peace and Conflict Studies and a University of California Davis Fundraising & Development Foundations certificate, with research work indexed on Google Scholar and SSRN. Deeply committed to equity, diversity, and inclusion.

| ■ Strategic Planning & Leadership | ■ Microsoft Office Suite (Advanced) | ■ Equity, Diversity & Inclusion |
| ■ Event Coordination | ■ Policy & Research Analysis | ■ Team Leadership & Mentorship |

PROFESSIONAL EXPERIENCE

Development Coordinator | Siloam Mission Inc.

June 2023 – Present · Winnipeg, Manitoba

- Managed \$17M+ across 23+ active funding agreements, ensuring meticulous reporting, compliance, and zero missed deadlines across federal, provincial, and municipal funding streams (CMHC, PHAC, MB Housing, City of Winnipeg, and private foundations).
- Achieved a 78%+ grant application success rate, securing sustained funding for emergency shelter, supportive housing, and Housing First programs serving Indigenous and marginalized peoples.
- Coordinated quarterly and annual funder compliance cycles across multiple concurrent federal, provincial, and municipal housing programme agreements.
- Built internal data infrastructure for shelter programme reporting — automated Python data pipelines, consolidated datasets, and leadership reporting templates.
- Led donor analytics informing strategy for a major capital initiative, and drafted the case for support and appeal materials for an organisation-wide emergency fundraising campaign.
- Cultivated and stewarded donor relationships using data analytics to enhance engagement, acquiring new donors and deepening existing ties to housing and meal programs.
- Developed evaluation tools to assess project viability, optimize resource allocation, and maximize community impact.
- Led community consultation efforts to align programs with the needs of marginalized groups, advocating for culturally safe and trauma-informed service delivery.
- Collaborated with federal, provincial, municipal, and sector partners, building the stakeholder network essential for institutional fundraising.

Research Analyst | Manitoba Métis Federation

April 2023 – May 2023 · Winnipeg, Manitoba

- Conducted policy and data analysis to support Métis community initiatives, producing culturally relevant research reports and actionable recommendations for stakeholders.
- Managed short-cycle projects with tight deadlines, demonstrating adaptability and professional judgement in a high-stakes community-focused environment.

Managing Partner | Beyond Peace

October 2020 – April 2023 · Dhaka, Bangladesh

- Led partnership development for peacebuilding and community projects, securing collaborations with local, national, and international partners — directly transferable to major gift cultivation and institutional fundraising.
- Oversaw strategic planning, resource allocation, and fiscal management across multiple concurrent initiatives.
- Supervised a team of six research assistants, demonstrating the leadership required to head a development office.
- Facilitated workshops and training sessions on conflict resolution, building public engagement skills valuable for stakeholder events and donor cultivation.

Research Data Analyst | Centre for Genocide Studies, University of Dhaka

December 2020 – December 2021 · Dhaka, Bangladesh

- Analyzed complex human rights and conflict datasets, producing reports and visualizations to inform policy — skills transferable to donor analytics and fundraising database management.
- Maintained secure data protocols and ethical standards; trained junior analysts on research methodology.

Research Assistant | NETZ Partnerschaft für Entwicklung und Gerechtigkeit

January 2020 – November 2020 · Dhaka, Bangladesh

- Supported equitable development and justice research through literature reviews, data collection, field visits, and stakeholder presentations.

Administrative Assistant | Community Development Federation

January 2018 – December 2019 · Dhaka, Bangladesh

- Provided administrative support for grassroots development programs, coordinating community events, managing funding applications, and maintaining records for compliance and audits.

EDUCATION

Master of Social Science — Peace and Conflict Studies | University of Dhaka

January 2019 – December 2019 · Dhaka, Bangladesh

Bachelor of Social Science — Peace and Conflict Studies | University of Dhaka

January 2015 – December 2018 · Dhaka, Bangladesh
