Research & Analytics | Grants & Programme Development

Winnipeg, Manitoba | rupokri.ca | linkedin.com/in/rifat-rupok
contact@rupokri.ca | Backup: rifatislamrupok02@gmail.com

PROFESSIONAL PROFILE

Research, analytics, and development professional with experience across Canada and Bangladesh. Coordinate a \$17M+ grant portfolio at Siloam Mission, connecting funding requirements, programme evidence, and stakeholder relationships. Combine social science research, practical data skills, and team leadership to produce clear reports, funding cases, and actionable recommendations.

CORE CAPABILITIES

Grant writing and compliance | Policy and mixed-methods research | Data analysis and visualisation | Programme reporting and evaluation | Stakeholder engagement | Project coordination | Team leadership

Technical tools: Python, SQL, Excel, Power BI, Tableau, R, and DonorPerfect.

PROFESSIONAL EXPERIENCE

Development Coordinator | Siloam Mission

June 2023 - Present | Winnipeg, MB

- Coordinate a \$17M+ portfolio across 23+ funding agreements, spanning applications, financial tracking, compliance requirements, and funder reporting.
- Work across Finance, Programs, and Development to assemble evidence, clarify deliverables, and coordinate reporting and funding activities.
- Prepare grant applications, cases for support, and donor impact reports that connect programme needs with funder priorities.
- Apply donor and programme analytics to support planning, stewardship, and evidence-based decisions; maintain relationships with institutional funders and government partners.

Research Analyst | Manitoba Métis Federation

April 2023 - May 2023 | Winnipeg, MB

- Conducted policy and data analysis supporting Métis community initiatives, translating findings into research reports and recommendations for stakeholders.
- Delivered short-cycle research assignments under tight timelines, combining evidence synthesis with attention to community context.

Managing Partner | Beyond Peace

October 2020 - April 2023 | Dhaka, Bangladesh

- Led partnerships, strategic planning, resource allocation, and operations for peacebuilding and community research initiatives.
- Supervised six research assistants and coordinated community field research on education technology access in Dhaka's Korail community.
- Developed collaborations with local and international partners and facilitated workshops on conflict resolution and community engagement.

RESEARCH, EDUCATION & SELECTED WORK

Research Data Analyst | Centre for Genocide Studies, University of Dhaka

December 2020 - December 2021 | Dhaka, Bangladesh

- Analysed human rights and conflict datasets and produced reports and visualisations to inform policy and advocacy.
- Maintained ethical data protocols and trained junior analysts in research methodology and responsible data handling.

Research Assistant | NETZ

January 2020 - November 2020 | Dhaka, Bangladesh

- Supported development and justice research through literature reviews, field data collection, and stakeholder presentations.

Administrative Assistant | Community Development Federation

January 2018 - December 2019 | Dhaka, Bangladesh

- Supported community programmes through event coordination, funding applications, record management, and compliance documentation.

EDUCATION

Master of Social Science, Peace and Conflict Studies | University of Dhaka | 2019

Bachelor of Social Science, Peace and Conflict Studies | University of Dhaka | 2015 - 2018
